Agra—General View of Moti Musjid. Agra stands on the right bank of the Jumna. It is the city of Shah Jehan, Emperor, Artist, Lover; and there, on the edge of the prairie he built the *Taj Mahal*, a miracle of marble too lovely for adequate description. Later on he was kept a prisoner in the Pearl Mosque; another gem—marble walls with moulded panels, marble cloisters, gateways, columns and domes. The marble varies: snow-white, pearl-white and ivory, with pinnacles so light they seem to float in the air.
